FILE HEADING

Drainage scheme for Davanagere town

From

The Deputy Com^r Chitaldrug Dt

C No 6 L.F. Dated 25 4 18 Received 29 4 18

| Diary No 2703 | Enclos 1 | Spare Copies | Serial No 1 |
|---|---|---|---|

BRIEF ABSTRACT OF LETTER

Submits proposals for financing the drainage scheme for Davanagere town

NOTES AND ORDERS

L

In G O no 1074/mel 212 14-6 & 4 8 1916 Govt promised that, if the Davanagere municipal Council can devise ways and means to provide for half the Cost of the drainage scheme the question of the contribution of half of the cost from State Funds

NOTES- First Sheet

WD 1282—GPB—20 000—18 11 1o

Serial No

~~must~~ be considered.

(2) The municipal Council have now resolved to meet their portion of the cost by raising a loan ~~for~~ of 1 lakh of rupees The cost of the scheme is estimated at Rs 1,32,960 They request govt guarantee interest at 6% They to meet the interest and sinking fund charges by a revision of the house tax and by the levy of a terminal ~~tax~~ instead of octroi duty[x] The loan is repayable within 25 years by easy instalments of Rs 4000/- ayn

what is the amount now derived from octroi ?

(3) The financial condition of the municipality as per sanctioned estimate of 1917-18 is as follows

| | Rs |
|---|---|
| Opening balance | 16,549 |
| Receipts | 68,442[x] |
| Total | 84,991 |
| Expenditure | 56,813 |
| Closing balance | 28,178 |

* Please check the above budget

(4) But the Deputy Comr states that the income is Rs 48,355, expenditure Rs 33,226 and closing balance Rs 15,129

difference of Rs 1

(5) It is a point for consideration whether the municipality will be able to raise [redacted] rupees, as there are other loans ~~still~~ such as

G R. S. III-2]

General and Revenue Secretariat | nil File No. 182 of 1917-18

Serial No.

Ichalkaranji water supply loan, Ichalkaranji-Ichalkaranji railway loan in the district. These loans have not yet been fully subscribed for.

(6) It may not be possible for reasons given in the paper under disposal to conserve funds for 4 or 5 years for the purpose.

(7) It has been already decided that Govt cannot advance the municipal share of the cost as a loan to the municipality (vide para 30 of the office notes in nil file 212 of 14)

J

(8) The proposed levy of 'terminal tax' in lieu of octroi duty except on cloth to meet the interest and sinking fund charges of the proposed loan requires also consideration. Submitted for orders.

Samuel No.

(12/31) It is seen that the ordinary expenditure is well within the normal income. There is a normal surplus of about Rs 10000 without the reversion of taxes now proposed But the fact that the maintenance charges of the water supply are rising, cannot be shrugged over The estimated income from water-tax as per proposed budget for 1918-19 is Rs 4,700 and the maintenance charges about being Rs 16,000

Who is responsible for this dilatory handling of papers - Can't the Supdt. Exercise a little check over such slovenly handling of papers -

MK 29/6

B MK 1357P

(13) The finances of the Davangere Mly appear to be in a satisfactory condition The Rel-Council propose to raise the house tax and hope to get an additional revenue of Rs 3000/- They suggest the levy of a terminal tax in place of octroi on some items, and want to retain the levy of octroi on piece goods It is doubtful if both octroi and terminal Tax can be allowed to be levied together This question may be taken up when separate proposals are received

(14) Drainage scheme for a town like Davangere is necessary & urgent and in view of the completion of the water supply scheme it is necessary that it should be sanctioned early. The proposal to raise a loan of 1 lac of rupees may be sanctioned The rate of interest is as per

(7

G R S III-2]

General and Revenue Secretariat | Ml File No. 182 of 1917

Serial No (24)

The points for consideration are -

(1) Whether Government may agree to provide for half the cost of the drainage scheme of Davangere estimated to cost Rs.1,32,960, when the work is to be undertaken, and

189-18

(2) whether the Davangere Municipality may be authorized to raise 1 lakh of rupees at 6% interes the interest to debenture holders being guaranteed by Government, as proposed by the Municipal Council

As regards (1) there can be no financial objection subject to the terms and conditions in para 13 of the Local Self-Government Order No 3005-55-Ml 132-16-1, dated the 16th November 1916

(25) It is however pointed out that considering the very large demands coming up from the Local bodies for quota of Government help, it seems unlikely that all of them can in the near future be met out of the limited funds available under the group Local Self Government, in accordance with the terms of the Financial Settlement It has been suggested in previous files that it would be convenient if a programme of such improvements for 3 or 5 years ahead be prepared, and the funds available apportioned on a careful consideration the resources of each local body requiring help of the urgency of the project For one thing, Davangere is a fairly flourishing Municipality

Municipality. Government have recently given a large grant-in-aid for the Water Supply Scheme. The drainage project is expected to cost less than twice its annual gross receipts. It may not be impossible for a growing and rich Municipality like Davangere to meet the entire cost of this project itself

(26) As regards (2) the Finance Department ~~need not~~ have no ~~any~~ objection, as the Municipality proposes to arrange for meeting the interest and sinking fund charges. - Whether the present time is opportune for raising the loan, and whether it can be successfully floated, specially in view of the fact that there are 2 other big loans in the District, not yet fully subscribed, are points for consideration.

35 A list of drainage projects for Eldama prepared in consultation with the officers of the Sanitary Engr, Supply Engr and the Chief Engr is submitted with ordinance para 33 supra. The list prepared for water supply schemes is also submitted.

GK

12-3 19 38 Though it is not likely that drainage projects will involve such heavy outlay on account of maintenance charges as is the case with the water supply schemes the initial outlay required for these schemes will be invariably high and beyond the financial capacity of many of our rural townships. It is not likely that most of the rural Townships will be in a position to finance these schemes along with the water supply schemes. Should ~~they raise a loan to force them to raise a loan~~ The question of preparing Elaborate drainage schemes may perhaps be limited in the present time to Towns having a certain amount of population say 10000, and all District Headquarter Towns, and taken up in the case only of funds are readily available in them

Elaborate schemes in rural areas do not appear to be needed for small places, ~~which should be~~

I have already given Expression to my views as regards these drainage schemes in another connection I have also referred to this particular scheme in my tour notes of January last this year

I am of opinion that in the case of this thriving town first Magistrate 1/3 of the cost as observed by the Revenue. The remaining 2/3 being found by the Municipality by issuing a debenture loan for which permission may be granted.

This Scheme may be dealt with further by the S.E. the New Sanitary Circle P.W.D.

THIRD

FINAL NOTE BY THE [redacted] MEMBER OF COUNCIL

---

*Subject* The Davangere Drainage Scheme.

In c. 1914 (1904) when His Highness the Maharaja visited Davangere, the inhabitants of the place represented in the course of the address presented by them that there was great necessity for a drainage scheme for the town and prayed that the whole cost of the scheme might be borne by the Government. His Highness in his reply was graciously pleased to say that if a moiety of the cost could be raised locally, Government would be glad to consider the request The Municipal Council, who were accordingly asked to submit their views in the matter K agreed to bear a moiety of the cost of the scheme, but the Deputy Commissioner reported that they could not advance the money required for the scheme for 2 years to come, as they had already undertaken a costly water supply project and, while urging the need for the drainage scheme, he requested that Government might be pleased to advance as a loan at a favourable rate of interest the moiety of the cost to be borne by the Municipality also This proposal of the Deputy L Commissioner was not approved and he was directed in Government Order No 1074-Ml.212-14-6 dated 4th August 1916 to refer the proposal back to the Municipal Council to devise ways and means for meeting their moiety of the cost

2. The matter has accordingly been further considered by the under Municipal Council and they are now prepared to raise a loan of Rs 1 lakh disapproval at 6 per cent interest repayable in 25 years, if Government guarantee the interest. The Deputy Commissioner has, in his letter No C & L.F.16-17 dated 23rd April 1918, discussed the ways and means by which the Municipal Council propose to meet the interest and sinking fund charges and he recommends the proposal of the Municipal Council raise a loan of one lakh, the extra amount that may remain over afte

20

meeting half the cost of the scheme being utilised for certain other urgent improvements of the town.

3. The Financial Secretary, who was consulted in the matter, states that there is no objection either to the Municipal Council raising a loan or to the State making a grant-in-aid of half of the cost of the scheme subject to the terms and conditions laid down in the Local Self Government Order of 16th November 1916.

4. The matter was considered in Council on 12th April 1919 when the following resolution was recorded -

"A cheaper and simpler scheme may be prepared by the Sanitary Division.

Government may give a grant-up to one-third of the cost provided the total expenditure does not exceed one lakh."

5. As however the resolution as regards the contribution from State Funds was not in accordance with the gracious reply of His Highness referred to in paragraph 1 above, the papers were re-circulated and the resolution has been modified raising the Government contribution from one-third to one-half of the cost of the scheme.

6 A draft order in accordance with the resolution of the Council as thus modified is herewith submitted for approval.

Camp Kadur
28th May 1919.

Regarding
to the
the D
Municipal Council
to raise a loan
One lakh of rupees
for meeting the
of the Drainage

as especially there has been noticed a tendency for the waste from the fountains water to stagnate. It has also to be stated that the municipality cannot conserve funds for some years to come as it has other urgent schemes to take up in the near future such as the construction of a Female Dispensary, (for which proposals have already been sent up to the Senior Surgeon), lighting the town by means of electricity &c

3. The nominal income and expenditure of the municipality being Rs 48,355 and Rs 33,226 respectively, there will be a surplus of Rs 15,129 which by itself is sufficient to meet payment on account of interest of Rs 6000 and the repayment of the loan at Rs 4000 a year in 25 years There will still be a balance of Rs 5000 for other unforeseen and urgent expenditure

4. The proposed levy of a terminal tax and also a revision of the house tax, if approved by Government, would also further add to the resources of the council and enable it to keep the prescribed minimum balance of 25%

5 All things considered, I am of opinion that the proposal of the council to raise a loan of one lakh of rupees at 6% interest, the interest being guaranteed by Government, may be accepted and the same sanctioned Any sum that may remain after meeting the cost of the drainage scheme may be utilised for the other improvements referred to above

6 As regards the proposed levy of the terminal tax in lieu of octroi, such a levy is contemplated in para 12 of the Government order No. 3005-55/M1 132-16-1 dated 16th November 1916 (on the subject of Local Self-Government scheme) and may fall under clause (6)(a)( ) of section 59 of the Mysore Municipal Regulation and may well be sanctioned Needful steps under section 61 of the Mysore Municipal Regulation will be taken in the matter of this levy after receipt of sanction by Government required

I have the honor to be,

S I R,

Your most obedient servant,

Ary Assistant Commissioner,

For Deputy Commissioner,

Chitaldrug District.

Order No R 1625-7-59/Ml 182-17

Dated 1918 Press - 4 May 1919

After a careful consideration of the representations made by the Municipal Council and the recommendations of the Deputy Commissioner, Government are pleased to accord administrative sanction to the drainage project for the town of Davangere with the direction that a cheaper and simpler s[illegible]

(3)
b

than the one costing Rs.1,32,960 now submitted for consideration be prepared by the new Sanitary Division and detailed plans and estimates submitted by the Chief Engineer at a very early date.

2. As regards the question of financing the scheme Government will be prepared to give a grant up to half of the cost, provided the total expenditure does not exceed Rs.1 lakh. It is reported that it would be possible to raise locally a loan of Rs.1 lakh at 6 per cent interest, repayable after 25 years, if Government guarantee the interest thereon and that the payment of interest and the repayment of the loan could be provided for by the revision of the house tax and the levy of a terminal tax of 3 pies per railway maund on all goods except cloth imported by rail The Deputy Commissioner is requested to advise the Municipal Council to increase their resources & to take early steps to raise their share of the cost by means of a loan or other wise and in the case of their deciding to raise a loan to submit suitable proposals with a draft prospectus for the approval of the Government
